Treatments

Introductory Offer

20% off your first treatment (T&Cs apply).

Body Ritual

50 minutes - £200

A powerful full-body reset designed to reduce bloating, flush toxins and leave you visibly lighter and sculpted. Warm lymph-draining oil is poured into the navel with targeted navel therapy to soften congestion, followed by bespoke drainage techniques enhanced with our Body Wooden Tool to shift trapped fluid, boost circulation and refine body contours. Concludes with our signature Miracle Tea, a warming blend to support the flush of toxins and extend the benefits of your ritual.

Face Ritual

50 minutes - £180

A high-performance facial designed to visibly de-puff, lift and define — while inducing the deepest relaxation. Saffron cleansing and copper wand exfoliation prepare the skin before bespoke lymphatic drainage and sculpting techniques reshape facial contours. Finished with amethyst Gua sha to seal in the glow. Concludes with our signature Miracle Tea, a warming blend to support the flush of toxins and extend the benefits of your ritual.

Face and Body Ritual

90 minutes - £330

Our Signature head-to-toe reset for anyone feeling bloated, heavy or run-down. Beginning with warm oil poured into the navel to activate deep detoxification, this ritual combines full-body lymphatic drainage with facial sculpting to flush fluid, refine contours and restore visible lightness. Using our proprietary tools — the Body Wooden Tool, Kansa Copper Wand and Amethyst Gua Sha Roller — every technique is designed to de-puff, brighten, lift and leave you looking sculpted and feeling completely rebalanced. Concludes with our signature Miracle Tea, a warming blend to support the flush of toxins and extend the benefits of your ritual.
